

IHS Vaccination Services

The masters of preventive healthcare

IHS Vaccination Services (IVS) is a subsidiary of Integrated Health Services an Islamabad based healthcare organization operating on a national level since 1997.

IVS consists of a highly professional, well-trained and experienced team of Doctors and Vaccinators. It is the largest and the only organization in the private sector in Pakistan conducting immunizations across the country with more than 2 million persons vaccinated to-date.

Vaccination is once in a lifetime activity – So we take it very seriously. A comprehensive set of services makes vaccination a truly reliable event of your life:

- **Full Range of All Vaccine** preventable diseases are covered for infants, children and adults.
- **Top Quality Vaccines** approved by FDA (USA) and World Health Organization with long expiry dates procured directly from the manufacturers to ensure cold chain and effectiveness.
- **Charges Even Less than the Retail Price** of the vaccine and includes free vaccination card / certificate, disposable single use syringes, swabs, and the administration by a proper trained vaccinator under complete aseptic conditions.
- **24 hr. Vaccination Help line** that can be accessed round the clock through telephone numbers 2260001 & 2280165 for any type of immunization related information and report any side effects.
- **Mobile Vaccination Services** that can be called at home, office or school any time of the day or night.
- **Facilities for Blood Screening** to assess vaccination requirements and immunization titers.
- **Vaccination Advisory Service** on appointment by our specialists on matters like immunization status assessment, etc.
- **Regular Automatic Follow-up** of booster doses through a state of the art computerized HMIS so that no doses are missed or delayed.

- **Backup Emergency Services** of medical support and ambulance evacuation in case of very rare one in a million life threatening side effects.
- **National Operations** with capabilities of arranging vaccinations at any location in Pakistan at a very short notice for small to large groups.
- **Health Education** and immunization awareness program through seminars, lectures, periodicals and printed material.
- **IHS clients** include many Foreign missions, embassies, multinationals, large chains of schools and the general public.
